### mac & cheese

with cheddar cheese

### chicken fingers & fries

yep, it's REAL chicken!

## MAD-LIBS

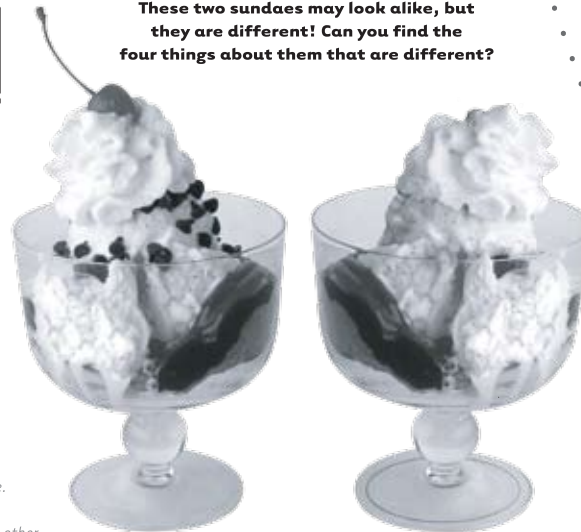

Before you read the story, fill-in the blanks with the correct type of word then go back and read through the story. Try not to giggle uncontrollably!

### Space Mission

Commander Karnak checked his \_\_\_\_\_ to make sure it was fully charged and powered down from warp speed to land on the planet \_\_\_\_\_ in the Vega star system. As he climbed into his pressurized \_\_\_\_\_ suit, he thought about what kind of creatures he might encounter when he left his ship. Taking a deep breath, he threw open the outer door and immediately was attacked by several \_\_\_\_\_-armed creatures with long, sharp claws and bad attitudes. One of them tried to rip his disintegrator \_\_\_\_\_ out of his hands and whacked him with his \_\_\_\_\_. Commander Karnak was able to get free and \_\_\_\_\_ both of the creatures until they ran away screaming. He started toward their headquarters to try to \_\_\_\_\_ several of his men who had been taken prisoner. He was surprised when he arrived there because there were \_\_\_\_\_ creatures guarding his men. Karnak shouted for his men to \_\_\_\_\_ and began to fire his weapon at the aliens. It wasn't long before the remaining aliens began to \_\_\_\_\_ and he was able to rescue the prisoners. They all \_\_\_\_\_ happily and thanked him \_\_\_\_\_ for helping them. They decided to leave for the ship when suddenly they heard several \_\_\_\_\_ approaching rapidly. Looking across the valley, they saw an army of \_\_\_\_\_ aliens racing toward them. Running for their \_\_\_\_\_, they headed for Commander Karnak's spaceship. With only seconds to spare, they reached the ship as the aliens threw thousands of \_\_\_\_\_ at the escaping prisoners. Once again, Commander Karnak had saved the day!

### FIND THE DIFFERENCE

These two sundaes may look alike, but they are different! Can you find the four things about them that are different?

#### Answers:

1. No cherry on the second sundae.
1. No chocolate chips on the second sundae.
3. No ring on the base of the first sundae.
4. The sundaes are mirror opposites of each other.

## SUDOKU

Every row, column and mini-grid must contain the numbers 1 through 4. Don't guess - use logic!

		2	
	4		
		3	
	1		

Solution

2	4	1	3
1	3	2	4
3	1	4	2
4	2	3	1

## WORD SEARCH

Find the words from the list hidden in the puzzle. Be careful, some of them might be going backwards!
